THIS IS TITUSVILLE

Titusville, on **Florida's Space Coast**, is the only place on the planet where you can view a rocket launch close up, see bioluminescence from a kayak, meet majestic sea turtles nesting, and enjoy a quiet sunrise on the beach giving way to inviting surf. Titusville is the next-door neighbor to **Kennedy Space Center Visitor Complex, Merritt Island National Wildlife Refuge, Canaveral National Seashore** and **Port Canaveral** cruising and the closest beaches to Orlando theme parks. Launch your good time. **Paddle, surf, fish, kiteboard, jet ski, cycle, fly, golf, shop, hike or just chill.** *You can do it all from here.*

The LAUNCH FROM HERE campaign is a community forward initiative led by the Titusville Area Chamber Visitors Council and the Space Coast Office of Tourism in conjunction with many City and Community Partners. We hope LAUNCH FROM HERE can help tell the story of Titusville and provide a vital and united way to bring greater attention to its many unique attributes, natural places, welcoming people and amazing opportunities.
