

Outline

Each year, the City of Titusville, along with several civic organizations and volunteers, organize a family-friendly, free admission event at Sandpoint Park in celebration of our nation's independence. The event features live music, food vendors, bounce houses and family friendly activities, as well as a beautiful fireworks display over the Indian River for all to enjoy.

The annual budget for this event is set at \$20,000 and the money is raised through donations from citizens and businesses in the community. If you have attended in the past, you know that Sandpoint Park fills to capacity for the event, and the causeway and surrounding areas are also full. Additionally, there are lots of boats in the lagoon anchored to watch the fireworks. It is certainly one of the largest events in our community.

This is your invitation

We have developed the following sponsorship levels for our corporate partners to maximize your exposure at the event. There are levels for every budget, and we hope you will join us and financially support this annual event.
